

Fire Chiefs Report July 12, 2018

I. The Department:

1. We have purchased, a Ford F-150 Utility Truck, an Expedition and an Ambulance from North Tahoe Fire. All three units range in condition from good to great. Funds necessary to purchase the vehicles came proceeds earned through the districts participation in State Wide Mutual Aid Taskforce Deployment. The Ambulance must be by definition be considered a Squad. I have had initial talks with the JPA, they are in favor of us using the Squad for transport in the district during times of severe community impacts. They would like to see a more formalized operational agreement between MFPD and the County.
2. During the month of June, the district was staffed with Firefighter Paramedics 20 days. During periods of Red Flag Weather, the Station has been staffed with at least one Firefighter or myself to ensure immediate response of equipment and resources.

II. Personnel:

We continue to focus on retention and training of Volunteer Personnel. We are also focusing on recruitment of previously trained and experienced Volunteer Personnel who still reside in the district.

III. Information

1. **CALFIRE has placed a ban on all outside burning, except those fires used for warming and cooking, these fires must be in designated camp grounds. Please do not leave any fire unattended, and ensure they are completely extinguished. On Red Flag days, there is a complete ban on open burning.**
2. Diamond Springs should be delivering the Draeger SCBA's by the end of August. They have sent the letter of indemnification to their legal counsel for review.
3. MFPD Personnel make regular patrols to Rock Creek, Finnon Reservoir. Please remember it is not only unsafe to jump from Rock Creek Bridge; it is also illegal.
4. July 4. The Fire Station was staffed for 24 hours.
5. Please, if you are enjoying the water at Rock Creek, Finnon or any other water venue, please make sure that children have Personal Flotation Devices on. When enjoying the sun, drink plenty of water. Remember especially in summer heat, alcohol use can cause dehydration.
6. Community Clean Up day. Saturday July 14th. Dumpsters will be located in the west parking lot of the Fire Station. Please check the Mosquito Byte to see what can and cannot be accepted.
7. SCPOA Meeting July 19.
8. July 28th MS-75 will be holding a Pancake Breakfast here at the Fire Station

IV. The Station

We have awarded the contract for Station Repairs to GoPro Construction. We are awaiting approval by the insurance company. Once we get that approval, repairs will be scheduled. The Contractor stated that the repairs would only take about a week.

We are in process of securing the Fire Station, the front door code has been changed. Please check your email for the new codes. The lock codes will be changed biannually, or if the lock code has been compromised.

V. Equipment

E 275 Is back in service.

WT 75 No problems

E 75 No problems.

C/U75 Has been replaced and taken out of service. We are awaiting the insurance carrier's decision whether it will be salvaged out.

D 75 No issues.

VI. Calls for Service:

In June we received 17 requests for service.

Medical:	1 BLS Personnel
	1 ALS ***Cardiac Save
Public Assist:	2
Traffic Collision	4
