

# MOSQUITO FIRE PROTECTION DISTRICT DISTRICT STATUS REPORT

**Fire Chief Eddie Dwyer**

**March 8, 2018**

## **I. The Department:**

1. We had 5 personnel attend Low Angle Rope Rescue Operations training. The program was instructed by Jared Infante at no cost to the district. MFPD Paramedics did respond on 75% of the medical aid calls.
2. During the recent snow event MFPD Paramedics staffed the Fire Station on a 24 hour basis.

## **II. Personnel:**

We will be losing Phil Southern to CALFIRE in April, I've decided that in effort to increase paramedic staffing to the district we will staff the position with relief personnel instead of filling the position.
